

CONFERENCE SYSTEM / CONFERENCE CHAIR

SPACE

— — — — — The SPACE series is an efficient connection system with expandability. These smart-looking shell and leg colors provide unrestricted spatial arrangement and presentation.

1. The cantilever mounted shell provides for excellent flexibility, even on models with armrests.
2. This economical and multi-purpose chair increases space and cost-savings by connecting the seat shells of two chairs to one pair of legs to eliminate redundancy.
3. Tablet
4. Armrest
