Design & Function

Elegant Shell Shape
Based on an extremely thin and reactive one piece shell, the elegant chair design is emphasizing the idea of comfort with a very wide and enveloping back. BUTTON is designed by an Italian-born designer, Claudio Bellini.

Stylish and Various Frame Options
A variety of frame options that are in harmony with any space and environment can be offered. 4 types of frames, 4legs-glides, 4legs-casters, sled base, and lux type can be provided.

Delightful Colors
A variety of color options enable you to create a delightful space.

Detachable Padded Back
The detachable padded back panel brings an extraordinary feeling of sitting with soft cushioning.

Stacking
Stacking feature increases the space efficiency while bottom cover prevents the damage of seats. (Up to 4 chairs)
