

Seating / Multi-use Chairs

SPOON

SPOON embraces the world class designer's expression as it combines smooth curved lines and various colors, creating space with classy and rich atmosphere.

Leg color selection

BK frame and WW frame color options available depending on the space for use or atmosphere desired.

Spoon : Felt Glide

Felt glides are applied to minimize the floor friction and noise when moving.

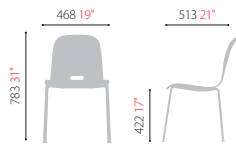

Integrated curve design

Curve design wraps around you smoothly, giving a comfortable feeling. It is combined with a handle that is located below the backrest to provide convenience when moving a chair.
